2x100W E27 inc.

Bot SP 35
3x100W E27 inc.

Bot SP 16
1x75W G9

Description

A moving volume generates a new one is the concept represented by the collection Bot. This also refers to the process of glass blowing, in which the material contains incandescent light, before they even have a definite shape. This fitting is available in 3 sizes and only comes in white with a clear front edge.
